

FRAUD, SCAMS & IDENTITY THEFT

Don't Get Scammed - Get Smart!

A Must-Attend Workshop for Students & Adults of All Ages!

Scammers are targeting people just like you every day - through text, email, social media, and phone calls.

Join us for this free interactive workshop where you'll learn real-world tools, from real-world experts on exactly how to protect yourself from becoming a victim.

What You'll Learn:

- How to spot phishing emails, fake websites, and social media scams
- What to do if your identity or personal information is compromised
- The latest fraud tactics in an increasingly digital world
- Real stories from victims of fraud and identity theft

Why You Should Attend:

Whether it's a fake job, a phony prize, or someone pretending to be your bank, they're after one thing: YOUR IDENTITY. Scammers don't care how smart you are - they care how distracted you are.

Don't wait until it happens to you!

Get informed. Stay protected. Avoid Scams.

BECOMING CREDIT SMART

Understanding Credit, Building Your Credit Score & Protecting Your Financial Future

Are you getting credit card offers but unsure how it all works? Do you know what your credit score is or why it matters? Do you know what borrowing money really costs you?

This presentation will break down everything you need to know about credit to help you make smarter decisions now and avoid financial headaches later.

What You'll Learn:

- The "3 C's of Credit"
- How credit scores are calculated - and how to boost yours
- The real cost of borrowing (Spoiler: that \$1,500 iPhone could cost you double!)
- Why minimum payments can trap you in long-term debt
- Debit vs. Credit: What builds credit and what doesn't

Why You Should Attend:

Because what you don't know about credit can cost you - big time! From student loans to your first apartment, car, house, or even job, your credit history matters. Learn how to make it work for you and not against you.

Be smart about credit.

Understand it. Use it wisely. Protect your future.
